(This section could be used to describe any overarching issues, trends, etc for the committee/working group meeting)			

Agenda Item No 13

Children and Young People Champion Member Update

Member - Patrick Everingham

DATE	ACTIVITY / MEETING	PEOPLE INVOLVED	COMMENTS / OUTCOME
1 st Nov	Child Poverty Seminar	CSP Partners, Mind, Impact	Opportunity to create collaborative to bid for £100K to alleviate Child Poverty in West Cumbria. I will stay engaged
7 th Nov	Allerdale Youth Forum	Constabulary, Connexions, Impact	Development of focus group to facilitate representation consultation I will stay engaged and with CCC initiative
18 th Nov	Street Safe Event	Constabulary, Connexions Third sector organisations	Event to locate young people out and at risk in Workington at night and to take them to a place of safety and return them to their parents/ guardians. Interesting in YPs range of responses to being” lifted” and their use of Facebook and its effect in clearing the town of young people. Bid for further resources from Childrens’ Trust is being made
7 th Dec	CSP Strategy Group	Partners: Probation, Housing, Councils, Connexions	Issues around funding of IOM staff unresolved, no partners prepared to commit. Police and Harvest already over committed and real doubts about status of the group under new arrangements Positive activities for YPs will continue but real issues around funding should be debated by PA
13 th DEC	Police Youth Strategy Group	Constabulary	Good progress on data capture and impact of work. Research on education and its effect very negative. I believe that opportunities for Peer education exist. Police very much last group standing
